Welcome, Brighton Secondary

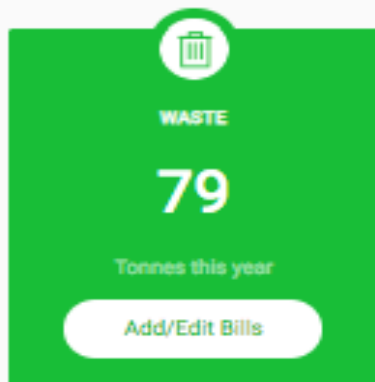

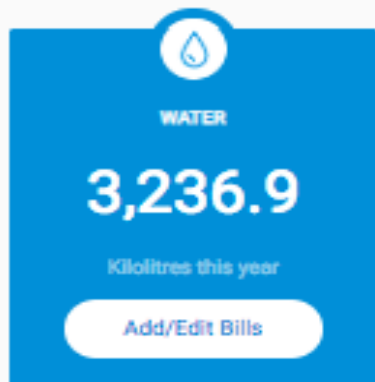

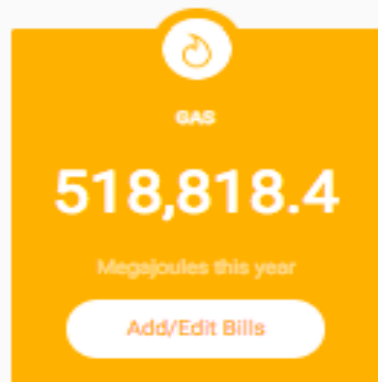

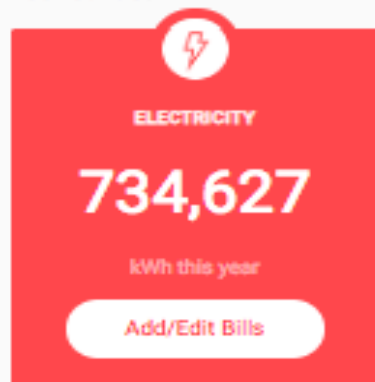

Find out how big your school's carbon footprint is and start tracking your resource consumption. All you need is a copy of the school's utility bills to get started. Remember to enter last year's data first to create your base year footprint (you need the full 12 months of bills). Please note that missing bills (or those received quarterly etc) may distort the data and 'to date' comparisons.

Overview for Brighton Secondary

425.2	114,120	653.1	↑277.9	284,331	188,000
tCO2-e	\$ AUD	tCO2-e	tCO2-e	\$ AUD	\$ AUD
Carbon Footprint Base Year	Total Utility Spend Base Year	Carbon Footprint To Date	Carbon Footprint To Date Comparison	Utility Spend to Date	Utility Spend to Date Comparison
