

Year 7 into HS Forum
Building the Bridge Better: Transitioning a Double Cohort (where some students are at risk of disengagement)

Monday 31st May 2021

The National Wine Centre of Australia

Exhibition Hall – Level 1

Forum's Purpose:

Using the wisdom and experience of primary and secondary practitioners in a Case Study methodology, we will explore the key design elements, strategies, and approaches of an inclusive approach to transition. As the state prepares for the double cohort primary-secondary transition, how are our school leaders working to maximise the engagement, inclusion, and well-being of all students, particularly, those identified as being at risk?

Case Studies:

1. Craigmore High School
2. Brighton Secondary School
3. Murray Bridge High School
4. Wirreanda Secondary School.
